

Vampire Novels for All Ages

Edward Cullen, Stephenie Meyer's addictively beautiful vampire in the Twilight series is only the most recent example of our fascination with the dangerous—and possibly fatal—attraction of these denizens of the night. From old folktales to Bram Stoker's *Dracula*, from Anne Rice's *Vampire Lestat* to *Buffy the Vampire Slayer*, there is as much speculation about what a vampire is as there are authors who write vampire novels. Although some of these are catalogued as Young Adult and some as Adult, there is bound to be lots of crossover appeal.

Some of these novels are also available in large print, on cassette or CD. Please check the library's catalogue or ask the librarian.
